

# PE and School Sport Premium 2018/2019

*Evidencing the impact and sustainability of the programme*

School Name

Kings Meadow School

Head Teacher

Helen McCormack

PE Coordinator

Philip Clayton, PE Lead & Sasha Lees, senior leader with responsibility for sports premium

## PE and School Sport Premium – The Purpose

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2018 to 2019 academic year, to encourage the development of healthy, active lifestyles.

## Vision - Government

All pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport

## Vision – School

Our overall school aim is to help all pupils who have previously found school a challenge become independent, lifelong learners who are able to regulate and manage their own feelings and behaviour. We have an ethos of “can do” rather than the children feeling they “can't do.”

Sports Premium will be used to improve engagement of all pupils in regular physical activity by raising the profile of PE across the school, allowing pupils additional opportunities and encouraging participation in competitive sport.

## Objectives

Schools must use the funding to make **additional and sustainable** improvements to the quality of physical education (PE), physical activity and sport they offer. This means that Kings Meadow School will use the premium to:

- i) Develop or add to the PE, physical activity and sport activities that our school already offers
- ii) Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

## Key outcome indicators; updated for 2018/2019

Schools can use the funding to secure improvements in the following indicators;

1. The engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. The profile of PE and sport is raised across the school as a tool for whole-school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils
5. Increased participation in competitive sport

## Review of PE and School Sport Premium expenditure 2018/2019

Key priorities to date	Key achievements / What worked well <i>What evidence is there of impact on your objectives</i>	Key Learning / What will change next year (2019/2020) <i>Does this impact reflect value for money in terms of the budget allocated</i>
<p>1. The engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school</p>	<p>The children were offered the opportunity to participate in 40 minutes of organised PE every week. For most pupils this was about the maximum length of time they could manage. Unfortunately, not all children either wanted to or were able to manage this period of time. Year 6 children were offered an additional 30 minutes of organised PE on Friday afternoons which some engaged in. For 8 months of the year children were given the opportunity for one lunch time of physical activity and most children did make the most of this. Every class went swimming for at least five weeks and received a 30-minute swimming lesson. The adventure playground was used by many classes for tag which was very energetic in nature. At lunch times the bikes were often used by all classes. On three occasions, children took part in a whole school intra sport competition which provided a period of time for competitive, physical activity. Every morning, for 5 to 8 minutes most children participated in some form of yoga or dance activity. Although not time tabled many classes used a TA who was a qualified yoga teacher to deliver longer periods</p>	<p>2019-2020</p> <p>Increase all pupils' engagement in physical activity. New scooters, balance bikes and ramps have already been purchased to make the playground a more interesting and challenging place to use bikes and scooters.</p> <p>Hotshots has been rearranged so all children participate every other term. Discussions are ongoing regarding the possibility of creating a basketball team that could play against other Hotshot schools during the school day.</p> <p>Swimming has been increased from 5 to 10 sessions of <b>minutes per pupil</b>. The additional hours will help children meet the KS2 swimming expectation.</p>

	<p>of child friendly yoga. Pupils who were struggling to manage their emotions often benefited from physical activity such as basketball, football or running and this at times helped them in the process of returning to class.</p> <p>I am not confident, that every child was involved in 30 minutes of physical activity every day. However I am confident that as a school we offered 30 minutes of activity most days but for a range of reasons not all children made the most of these opportunities</p>	<p>Lunch times will continue to provide physical activity opportunities and this could include a gymnastics club in the spring term.</p>
<p>2. The profile of PE and sport is raised across the school as a tool for whole-school improvement</p>	<p>This was achieved. As a school we did the following:</p> <ul style="list-style-type: none"> <li>• Participated in 8 town wide school competitions (most we have ever attended).</li> <li>• Sports day was supported by an impressive number of parents.</li> <li>• Sports day awards were presented by an Olympic kayaker.</li> <li>• Organised physical activity was offered for every Wednesday group time.</li> <li>• Hotshots were employed to deliver a basketball club and this was accessible for all children.</li> <li>• Hotshots awards became a part of every Friday celebration assembly.</li> <li>• On one occasion, School crew used SP to go to Benham for team building.</li> <li>• One class went rock climbing and another tried to go trampolining. Sadly arranging this with the sports centre was challenging.</li> <li>• Year 6 had their own sports club on Friday afternoons.</li> <li>• The whole school participated in learning how to sword fence as part of their history topic.</li> </ul>	<p>To successfully implement the (previously mentioned) wide range of weekly physical activity required careful planning. This also required staff to show flexibility and commitment to increasing the profile of physical activity throughout the school. Any out of school sporting event has a big impact on staffing. Dates are in the diary but those booking other appointments, meetings etc need to be aware that a pre-existing sport event takes priority.</p> <p>Intra sport to be reinstated every half term and all pupils will be encouraged to participate. Date to be collected from these and used in helping staff build a picture of the whole child including progress in ability and attitude towards sport.</p> <p>Look for appropriate and fun ways that the Gold Trip could have a sporting element to it.</p> <p>Children and adults need access to well-maintained playground sports equipment.</p>
<p>3. Increased confidence, knowledge and skills of all staff in teaching PE and sport</p>	<p>At Kings Meadow we continue to buy in expertise rather than deliver PE ourselves. This ensures that the children receive excellent coaching while teachers and adults deal with any behaviour. This is a deliberate strategy and works in two main ways.</p> <ol style="list-style-type: none"> <li>1. Allows teachers to observe good practice</li> </ol>	

	<p>2. Provides adults with ideas and strategies they can implement in their own teaching.</p> <p>However, teachers are becoming more confident and aware of the different sporting opportunities on offer and are frequently considering different ways to include these in the children's learning.</p>	
<p>4. Broader experience of a range of sports and activities offered to all pupils</p>	<p>This was achieved and is evidenced in the list above.</p>	<p>Orienteering is planned for the whole school in November.</p> <p>In the summer term there is the possibility of introducing a gymnastics club at lunch time delivered by a level 3 gymnastics coach.</p> <p>Hotshots, reorganised to enable all children to participate every other term.</p>
<p>5. Increased participation in competitive sport</p>	<p>A wide range of children had the opportunity to participate in 8 different town wide sporting competitions. Our children competed so well in Boccia that we qualified to play again in the next level.</p>	<p>Any out of school sporting event has a big impact on staffing. Dates are in the diary but those booking other appointments, meetings etc need to be aware that a pre-existing sport event takes priority.</p> <p>Discussions are ongoing regarding the possibility of creating a basketball team that could play against other Hotshot schools during the school day.</p>

## Meeting national curriculum requirements for SWIMMING and WATER SAFETY

### You can use your funding for...

- ✓ Professional development and training that are available to schools to train staff to support high quality swimming and water safety lessons for their pupils.
- ✓ Additional top-up swimming lessons to pupils who have not been able to meet the national curriculum requirements for swimming and water safety after the delivery of core swimming and water safety lessons. At the end of key stage 2 all pupils are expected to be able to swim confidently and know how to be safe in and around water.

### You should not use your funding to...

- ✗ Employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements – these should come out of your core staffing budget.
- ✗ Teach the minimum requirements of the national curriculum – with the exception of top-up swimming lessons after pupils’ completion of core lessons (or, in the case of academies and free schools, to teach your existing PE curriculum).
- ✗ Fund capital expenditure.

**Schools are required to publish information on the percentage of their pupils in year 6 who met each of the 3 swimming and water safety national curriculum requirements**

Outcome	% of pupils achieving outcome	
	2017/2018	2018/2019
Swim competently, confidently and proficiently over a distance of at least 25 metres	0%	8.6%*
Use a range of strokes effectively; front crawl, backstroke and breaststroke	0%	5.7%*
Perform safe self-rescue in different water-based situations	0%	0%*
The premium may also be used to provide additional top-up swimming lessons to pupils who have not been able to meet the national curriculum requirements for swimming and water safety after the delivery of core swimming and water safety lessons. At the end of key stage 2 all pupils are expected to be able to swim confidently and know how to be safe in and around water. <b>Have you used and funding for this purpose?</b>	N/A	N/A

*\*Our pupils all have a variety of complex learning needs, and therefore their achievement levels will differ to those from within mainstream primary schools. Through our 2018/2019 curriculum swimming programme we have seen a significant improvement in the number of pupils who demonstrate confidence within the water compared to previous years. We have developed methods to support our pupils to achieve this level of confidence and from this point will now work with the*

pupils to grow this confidence into introducing more structured swimming provision. For our pupils this has been a significant achievement and we are proud of their achievements

### Accountability

It is a statutory requirement of Ofsted, under their Common Inspection Framework, to ensure that information on the use of the Primary PE and Sport Premium is available on your school website. One of the key purposes of putting information on the school website is to keep parents informed, so this information should be written in a format that is clear and easily accessible.

## Department for Education guidance on how to use the Primary PE and Sport Premium – updated in October 2018

**Schools must use the funding to make additional and sustainable improvements to the quality of physical education (PE), physical activity and sport you offer.**

This means that you should use the premium to:

- ✓ Develop or add to the PE, physical activity and sport activities that your school already offers
- ✓ Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

**Schools can use the premium to secure improvements in the following indicators:**

1. the engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
2. the profile of PE and sport is raised across the school as a tool for whole-school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

**For example, you can use your funding to:**

- ✓ Provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively and embed physical activity across your school
- ✓ Hire qualified sports coaches to work with teachers to enhance or extend current opportunities
- ✓ Introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- ✓ Support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- ✓ Enter or run more sport competitions
- ✓ Partner with other schools to run sports activities and clubs
- ✓ Increase pupils' participation in the School Games
- ✓ Encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- ✓ Raise attainment in primary school swimming to meet requirements of the national curriculum before the end of key stage 2
- ✓ Embed physical activity into the school day through active travel to and from school, active playgrounds and active teaching

### Active miles

Where schools choose to take part in an active mile, you should use your existing playgrounds, fields, halls and sports facilities to incorporate an active mile into the school day and develop a lifelong habit of daily physical activity.

## Raising attainment in primary school swimming

The premium can be used to:

- ✓ Fund the professional development and training that are available to schools to train staff to support high quality swimming and water safety lessons for their pupils.
- ✓ provide additional top-up swimming lessons to pupils who have not been able to meet the national curriculum requirements for swimming and water safety after the delivery of core swimming and water safety lessons. At the end of key stage 2 all pupils are expected to be able to swim confidently and know how to be safe in and around water.

Schools are required to publish information on the percentage of their pupils in year 6 who met each of the 3 swimming and water safety national curriculum requirements. Further details are in the [online reporting section](#).

You should not use your funding to:

- ✗ Employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements – these should come out of your core staffing budgets
- ✗ Teach the minimum requirements of the national curriculum – with the exception of top-up swimming lessons after pupils' completion of core lessons (or, in the case of academies and free schools, to teach your existing PE curriculum)
- ✗ Fund capital expenditure

## Accountability

### Ofsted inspections

Ofsted assesses how primary schools use the primary PE and sport premium. They measure its impact on pupil outcomes, and how effectively governors hold school leaders to account for this.

You can find details of what inspectors look for in the 'effectiveness of leadership and management' section of the [Ofsted schools inspection handbook 2018](#).

### Online reporting

You must publish details of how you spend your PE and sport premium funding by the end of the summer term or by 31 July 2019 at the latest. This is different to last year's (2017/2018) reporting deadline. Online reporting must include:

- ✓ The amount of premium received
- ✓ A full breakdown of how it has been spent
- ✓ The impact the school has seen on pupils' PE, physical activity, and sport participation and attainment
- ✓ How the improvements will be sustainable in the future

You are also required to publish the percentage of pupils within your year 6 cohort in the 2018 to 2019 academic year who met the national curriculum requirement to:

- ✓ Swim competently, confidently and proficiently over a distance of at least 25 metres

- ✓ Use a range of strokes effectively
- ✓ Perform safe self-rescue in different water-based situations
- ✓ Attainment data for year 6 pupils should be provided from their most recent swimming lessons. This may be data from years 3, 4, 5 or 6, depending on the swimming programme at your school.

To help you plan, monitor and report on the impact of your spending, it's recommended that you download a template to record and publish your activity. We have commissioned partners in the physical education and school sport sector to develop a template. The template can be accessed through the Association for PE and Youth Sport Trust websites.

### **School compliance reviews**

We will sample a number of schools in each local authority to review what they have published on their use of the funding and their swimming attainment. Schools are expected to spend the grant for the purpose it was provided only; to make additional and sustainable improvements to the PE, sport and physical activity offered.
